Cylindrical Flap Wheels

These Aluminum Oxide grain wheels are aggressive and durable. The cloth backing is stiffer, tougher, and thicker than a paper or film backing. The heavy X-weight cloth resists tearing while bending and flexing during use. Flap wheels are designed for a steady rate of cut with a consistent finish.

No	Name	Size	Qty/Box	Sold By
3600-60	Cylindrical Flap Wheels Best Seller!	1" x 1" x 1/4"	20	Each
3620-60	Cylindrical Flap Wheels	1 1/2" x 1" x 1/4"	20	Each
3630-60	Cylindrical Flap Wheels	2" x 1" x 1/4"	10	Each

3M Bristle Discs

Remove coarse coatings quickly and with less pressure. Allows operator to achieve a consistent finish with ease. Use for deburring, rust removal, finishing, cleaning, polishing, and more at maintenance facilities and auto repair shops.
