## Sawzall Blades

Thin Kerf Metal-Cutting Blades with the Double Duty Upgrade™ feature a tooth form that is optimized for the longest life and increased speed. Tough Neck™ is engineered to protect against tang breakage and delivers the strongest SAWZALL® blade tang on the market. Maintaining a short profile and thin body, these blades are ideal for making fast, flexible cuts.

No	Size	Qty/Pack	Sold By
64000	6" Length 14 Teeth/inch	5	Pack
640010	9" Length 18 Teeth/inch	5	Pack

## Cylindrical Flap Wheels

These Aluminum Oxide grain wheels are aggressive and durable. The cloth backing is stiffer, tougher, and thicker than a paper or film backing. The heavy X-weight cloth resists tearing while bending and flexing during use. Flap wheels are designed for a steady rate of cut with a consistent finish.

No	Size	Qty/Box	Sold By
