

#732 SILICONE INSTANT GASKET AND SEALANT

Available in Black, Blue, Clear, and Red. Unaffected by weather, temperature extremes, chemicals or aging. Superior performance in severe operating conditions. 100% silicone rubber. Oxygen sensor safe and hot oil and glycol resistant. Not recommended for use with continuous immersion in gasoline or head gasket applications.

ITEM #	DESCRIPTION	NEW WT	OXYGEN SENSOR SAFE	QTY/CS	UM
732AL11	Aluminum Silicone Sealant	10.1 oz	No	12	EA
732B11	Blue Instant Gasket	10.1 oz	Yes	12	EA
732B8	Low Volatile Blue Instant	8 oz	Yes	12	EA
732B3	Blue Instant Gasket	3 oz	Yes	12	EA
732BLK11	Black Silicone Sealant	10.1 oz	Yes	12	EA
732BLK8	Black Silicone Sealant	8 oz	Yes	12	EA
732C11	Clear Silicone Sealant	10.1 oz	No	12	EA
732C8	Clear Silicone Sealant	8 oz	No	12	EA
732C3	Clear Silicone Sealant	3 oz	No	12	EA
732R11	Red High-Temp Instant Gasket	10.1 oz	Yes	12	EA
732R8	Red High-Temp Instant Gasket	8 oz	Yes	12	EA
732R3	Red High-Temp Instant Gasket	3 oz	Yes	12	EA
732WH11	White Silicone Sealant	10.1 oz	No	12	EA

#750 THREADLOCKERS

Bolt Locker thread locking compounds lock and seal metal threaded assemblies. Red Bolt Locker is added before assembly, Blue medium strength is thinner, and can be added after assembly.

- Fills gaps up to .008.
- Red is high strength can only be removed by power tools.
- Blue and green are medium strength can be removed by hand tools. Protects against thread corrosion.

Comes in 6 ml (12/cs), 24 ml (6/cs), and 250 ml (red 2/cs, green 4/cs), all sold by each.

#735-7 HI-TEMP BRAKE LUBE & DIELECTRIC GREASE

Superior silicone-based compound designed for a wide range of electrical applications. It enhances electrical connections by providing exceptional dielectric and lubrication properties. This grease is ideal for preventing voltage leakage and serves as an excellent lubricant for rubber, plastic and ceramic surfaces. It also boasts high-temperature resistance, preventing bulbs from fusing to sockets and safeguarding other electrical connections. Sold by the can. 7 oz each, 6 cans per case.

#734C3.7 E6000 ADHESIVE SEALANT

Tough and abrasive resistant sealant. Provides adhesion, strength and versatility not found in silicone or rubber cement. Bonds to glass, metal, rubber, plastic, etc. Dries flexible and is able to withstand vibration. Very strong. Sold by each, 3.7oz. 12/cs.
