Disposable Plastic
Seat Covers

Disposable Plastic Seat Covers

These disposable polyethylene covers protect the car seats from the dirty uniform of the service technician. They are designed with a unique hood to fit over most any bucket, split bench or bench seats and hold it in place. Strong enough to be used more than once. The Slip & Grip seat covers are manufactured with a slip resistant back. The nonslip surface keeps the seat cover from sliding off the drivers seat as the technician seats himself in the vehicle.
