

#52 **GRIP-SORB** is a thin, yet absorbent runner that sticks and holds when placed on a surface. The mat's strong adhesive peels away without leaving residue behind, while not losing grip after consistent repositioning and placement. Grip-Sorb™ comes in rolls of 34"x100', allowing the customer to cut to the necessary size, ensuring the mat fits any desired location while reducing cost.

Material: Polypropylene Top with Rubber Adhesive Base

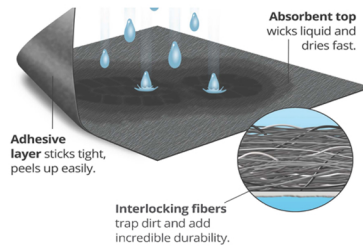

Features and Benefits:

- Adhesive back will not leave residue
- Stays in place in high traffic, aisles, walkways and vehicle traffic
- Absorbs oil, solvents and water-based spills to keep floors dry
- ADA compliant

PIG Grippy Floor Mat

How can this remarkably thin mat be so absorbent? Here's how it works:
