

Fast-Acting Rust Penetrant & Lubricant for Stuck Parts

- Penetrates fast into tight-fitting parts
- Frees frozen or corroded bolts, nuts & lugs
- Breaks down rust and oxidized metal
- Ultra-low surface tension for deep penetration
- Long-lasting lubrication (won't wash away quickly)
- Leaves a protective oil film to prevent future rust
- Resists breakdown under temperature changes
- Protects steel from moisture and salt
- High load-bearing lubrication strength

#79

#79A- Standard Spray, 12/cs

- Ideal for general applications
- Wide spray pattern for larger areas
- Great for shop, garage, and industrial use

#79STRAW

#79STRAW- Precision Spray, 12/cs (Improved Straw Design)

- Includes built-in straw for hard-to-reach areas
- Targets small, tight spaces with pinpoint accuracy
- Straw folds flush to the can for easy storage
- Molded clip holds straw securely in place when not in use
- Cleaner application with less overspray

Ideal for:

- Mechanics & technicians
- Industrial & plant maintenance
- Marine & outdoor equipment
- Maintenance teams
- Automotive & equipment repair
- Fleet service
